Easy Marks.

A man with a mania for answering advertisements has had some interesting experiences. He learned that by sending \$1 to a yankee he could get a cure for drunkards. And he did it. It was to "take the pledge and keep it."

Then he sent 50 cents to find out how to raise turnips successfully. He found out: "Just take hold of the top and lift."

Being young, he wished to marry, and sent 34 one-cent stamps to a Chicago firm for information as to how to make an impression. When the answer came it read: "Sit down on a pan of dough."

Next day he sent for 12 useful household articles and got a package of needles.

He was slow to learn, so he sent \$1 to find out "how to get rich." "Work hard and never spend a cent." That stopped him.

But his brother wrote to find out how to write without a pen and ink. He was told to use a pencil.

He paid \$1 to learn how to live without work, and was told on a postal card: "Fish for easy marks like we do." —Hardware Reporter.

The long distance telephone development has been wonderful. It began about 25 years ago. In 1881 there were only a little more than a thousand miles of toll wires in the country. At the beginning of the present year the Bell system included 1,461,173 miles of toll and long distance lines and the mileage has been materially increased since then. The number of daily messages carried by long distance telephone lines 25 years ago was 300. Last year the Bell company made an average 461,000 toll collections daily. In other words at the beginning of the present year there were more than 1,000 times as many miles of toll wire in the Bell system as there were 25 years ago, and in the quarter of a century the number of toll messages handled daily increased more than a thousand-fold.

Best Medicine in the World for Colic and Diarrhoea.

"I find Chamberlain's Colic, Cholera and Diarrhoea Remedy to be the best remedy in the world," says Mr. C. L. Carter of Skirvin, Ala. "I am subject to colic and diarrhoea. Last spring I seemed as though I would die, and I think I would if I hadn't taken Chamberlain's Colic, Cholera and Diarrhoea Remedy. I haven't been troubled with it since until this week, when I had a very severe attack and took half a bottle of the 25 cent size Chamberlain's Colic, Cholera and Diarrhoea Remedy, and this morning I feel like a new man." For sale by all druggists.

IN MEMORIAM.

In loving memory of our dearly beloved mother, Amanda J. Tarter, who died 12 months ago to-day, July 1st. Just twelve long months ago you left us.

How we miss you, mother dear, And remember all your kindness.

As we drop a silent tear.

Although your hand we can not clasp Your face we can not see, Yet let this little token tell That we remember thee.

If love and care would death prevent Your days would not so soon be spent.

J. F. TARTER.

Two Irishmen were eating their lunch when one asked the other: "Pat, I am what be ye thinking about?"

Pat replied: "Shure, Mike, I was a thinking how I would be getting me clothes over me wings when I would get to heaven."

"You would better be thinking how you would be getting your hat over your horns when you get to the other place," answered Mike.

Take the Postmaster's Word for It.

Mr. F. M. Hamilton, postmaster at Cherryvale, Ind., keeps also a stock of general merchandise and patent medicines. He says: "Chamberlain's Colic, Cholera and Diarrhoea Remedy is standard here in its line. It never fails to give satisfaction and we could hardly afford to be without it." For sale by all druggists.

"You can fool some of the people all of the time, and all of the people some of the time," began the man who is fond of moral reflections.

"And what more do you want?" interrupted his political friend. "Any better game than that would be too easy."

Constipation.

For constipation there is nothing quite so nice as Chamberlain's Stomach and Liver Tablets. They always produce a pleasant movement of the bowels without any disagreeable effect. Price, 25 cents. Samples free. All druggists.

London is to have a handle factory.

MATRIMONIAL.

P. W. Kennedy and Miss Annie Long, both of the Highland section, were married yesterday.

C. P. Anderson and Miss Nannie Boston, both of Hedgeville, Boyle county, were united in the holy bonds of wedlock at the Veranda Hotel by Rev. L. M. Omer Wednesday morning.

It develops from the decision of a Kentucky judge that a man has no right to marry his mother-in-law. The average man has no desire to. Ordinarily he prefers to see her go to the demimonde bowwows. But occasionally a fellow falls in love with that most abused of women. One in Hardin county did and his marriage has just been annulled.

Yesterday evening at 8 o'clock, Rev. R. H. Love performed the ceremony that united in marriage Joseph B. Smith and Mrs. Jennie W. Bishop, both of Ponca City. The ceremony took place at the residence of the bride on South Sixth street. The groom is an old resident and one of the best citizens of Kay county, owning a fine farm west of this city. The bride is too well known to our people to need any introduction, her friends extending as far as her acquaintance. The whole city will join with the Courier in extending congratulations and best wishes for a long life filled with the best things of this world.

They will make their future home in this city. —Ponca City, Oklahoma, Daily Courier. The bride was Miss Jennie White, formerly of this county.

Lincoln County Sunday School Convention.

The annual convention of the County Sunday School Association will be held at the Preachersville Baptist church on July 16. A good program is being prepared and every effort will be made to make this the best convention ever held in the county. A State worker, who is thoroughly conversant with every detail of Sunday school work, will be present. Some of the best local talent will also be utilized. The secretary, Joseph C. McClary, is now gathering reports from the schools of the county, and every superintendent should send in his report and contribution promptly. Each school in the county should appoint one or two delegates to represent the school officially. Look for the program in next week's paper. For any information address the county president.

L. M. OMER.

The New York Evening Post has examined the weather records of previous years, with the result of discovering in 1881 a spring very much like the one we have just survived. In the first week of April frost touched Mississippi and snow fell in the Middle States. May opened with a very low thermometer, and as late as June 24 the temperature was much below the normal. On July 1 a period of intense heat began. A week later business had to be suspended in some of the interior cities on account of the great heat. It looks very much like we are to continue to have a duplicate of 1881.

A Memorable Day.

One of the days we remember with pleasure, as well as with profit to our health, is the one on which we became acquainted with Dr. King's New Life Pills, the painless purifiers that cure headache and billiousness, and keep the bowels right. 25c, at Penny's Drug Store.

NEWS NOTES.

The weather bureau reports that the June just closed was the coolest for 75 years.

The Winchester Sun-Sentinel editors and correspondents will have an outing on July 11.

W. T. Brinson, of Waycross, Ga., who weighs 570 pounds, is said to be the biggest Elk in the world.

John O. Kennedy, a prominent farmer of Leitchfield, was thrown from his buggy and almost instantly killed.

The Treasury Department purchased 100,000 ounces of silver for delivery at Denver at 67 83 cents per fine ounce.

The Casino building on the bluff overlooking the James river water front at Newport News, Va., was destroyed by fire.

Three men whom Orchard implicated in his confession, took the stand in the Haywood trial at Boise and gave testimony in direct conflict with the star witness' story.

Fifty-two men had a miraculous escape from death when the wall of a Cincinnati store building collapsed. The majority were laborers, who were buried under the falling bricks. Ten were hurt, but none seriously.

Judge Parker, of the Fayette circuit court, decided that the suit of the heirs of Dr. B. D. Cox against James and Elbert Hargis and Ed Callahan for \$100,000 damages on account of the murder of Dr. Cox, should be tried in Lexington.

The Missabe ore docks at West Duluth last month broke all former records for shipping iron ore, their total being 2,156,956 tons, making the amount shipped so far this year 4,094,786 tons. The Superior and the Two Harbors docks together have shipped a little more than this amount.

Mrs. Joel Thomas, of Roif, I. T. shot and killed her 18 year-old daughter, and then shot and fatally injured herself. Mrs. Thomas left a note to her husband in which she declared she could not live longer on account of ill health and that she could not be separated from her daughter. The family is prominent.

Brookport, Ill., was threatened with destruction by fire of incendiary origin, and the women and children of the town had to join with the men in fighting the flames with buckets of water, there being no waterworks. It is believed that a monomaniac is working in the town, with passion for burning buildings.

Landholders of Harlan county are up in arms over the alleged unfair dealings with them by the agents and legal employees of Charles Henry Davis, of New York, who is suing over half of the landowners of that county for their property, he claiming these lands on an old patent issued in 1846. A mass-meeting of these people has been called for to-day, when it is expected that decisive action will be taken in the matter.

The Negro, Robert Hocker, who killed Newton Veal in Fayette county May 8, and who has been hunted since, was captured in Cincinnati by the aid of a Negro woman who gave him away. Asked if he was Hocker, the Negro said: Yes, and I killed Veal. I used to work for him, but left him last fall. He abused me and claimed that I owed him \$3. He owed me money, but I was afraid to ask him for it. He met me on the road and started to pick up a rock. His brother also came running up, and I thought they would kill me, so I fled. I ran to the house of my mother-in-law, about 12 miles away. I would have given myself up, but I was afraid of a mob. I went to Louisville, from there to Jeffersonville, and from there to Cincinnati, where I was arrested. I got a wife and two children in Lexington, and I've never been in trouble before. I wouldn't have harmed Veal if he had not tried to kill me."

The Doctor Away from Home when Most Needed.

People are often very much disappointed to find that their family physician is away from home when they need his services. Diseases like cramp colic and cholera morbus require prompt treatment, and have in many instances proven fatal before medicine could be procured or a physician summoned. The right way is to keep at hand a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy. No physician can prescribe a better medicine for these diseases. By having in the house you escape much pain and suffering and all risk. Buy it now; it may save life. For sale by all druggists.

The Fiscal Court of McCracken county has decided to put the question of a \$100,000 bond issue for building 200 miles of gravel roads in McCracken county before the voters in November.

During the summer kidney irregularities are often caused by excessive drinking or being overheated. Attend to the kidneys at once by using Foley's Kidney Cure. G. L. Penny.

IN NEIGHBORING COUNTIES.

W. S. Fish, of Paint Lick, has announced for county clerk of Madison.

Judge W. C. Bellows appointed Judge C. R. McDowell master commissioner of Boyle county.

At Richmond Gus Dellmuth, a restaurant keeper, was probably fatally stabbed by Duke Scarcey, aged 16.

Capt. Thomas M. Boone, twin brother of Capt. Sam M. Boone, of Somerset, is dead at McKinney, Texas.

James A. Corry, formerly of Wayne county, became engaged in an altercation at Hallam, Neb., and was instantly killed.

W. P. Johnson was appointed by Gov. Beckham Magistrate of the Eighth Puslaski district, to succeed Squire Murphy, deceased.

William M. Ragsdale, of Marion county, has been promoted in the Department of Justice to the position of naturalization examiner at Pittsburgh on a salary of \$2,000.

Green Gambrel is dead and Garrard Gambreli badly wounded as the result of a pistol duel between the two men, who are cousins. The affray occurred on Stinking creek, 14 miles from Barboursville.

Judge Moss convened a special grand jury at Williamsburg to investigate the killing of Millard Hatmaker by Thomas Wagner and Dr. York by St. Clair Parrott, both of which tragedies occurred in the eastern part of the county within the last 10 days.

A Danville dispatch says: It will be a source of much rejoicing to the many friends of Prof. H. A. Scomp, of Alderson, Va., to hear of the success of his daughter, Miss Viola Scomp, who has been for the past two years at the University of Paris, France. She has completed her course in that noted institution and received her degree. Very few Americans attain this distinction, and she is widely congratulated. Her father, Prof. Scomp, is said to be one of the best scholars in Kentucky, and she is following in his footsteps. She has secured a position in a Central Missouri college.

The death on Saturday in this city at her home on High street of Mrs. Belle Jones, one of the heirs of the Baron Springer estate, estimated to be worth \$80,000,000, has revived interest in this colossal fortune, for which there are a number of claimants in Kentucky. Mrs. W. R. Frazier, daughter of Mrs. Jones, stated Monday to a Leader reporter, that Captain C. C. Calhoun, the former well-known Lexington attorney, who now resides in Washington and who has been so successful in securing back claims against the Federal Government for soldiers, has been retained by the legal heirs as attorney, and letters, papers and other documents bearing on the case will at once be put in his possession. It is also planned to have a meeting soon of all the known heirs scattered over various States to take some active steps towards securing this vast fortune, which is located principally in Wilmington, Delaware. As an indication of the value of the estate, some of the leading business enterprises in the Delaware capital are now located on the land once owned by Baron Springer, among them the Dupont Powder Works. The death of Mrs. Jones removes one of the principal heirs to the Springer millions, but there are several other heirs in Kentucky. Mrs. Jones left four children. —Lexington Leader. Mrs. Jones was a sister of Mr. James P. Goode, of Hustonville.

The Negro, Robert Hocker, who killed Newton Veal in Fayette county May 8, and who has been hunted since, was captured in Cincinnati by the aid of a Negro woman who gave him away. Asked if he was Hocker, the Negro said: Yes, and I killed Veal. I used to work for him, but left him last fall. He abused me and claimed that I owed him \$3. He owed me money, but I was afraid to ask him for it. He met me on the road and started to pick up a rock. His brother also came running up, and I thought they would kill me, so I fled. I ran to the house of my mother-in-law, about 12 miles away. I would have given myself up, but I was afraid of a mob. I went to Louisville, from there to Jeffersonville, and from there to Cincinnati, where I was arrested. I got a wife and two children in Lexington, and I've never been in trouble before. I wouldn't have harmed Veal if he had not tried to kill me."

War Against Consumption.

All nations are endeavoring to check the ravages of consumption, the "white plague" that claims so many victims each year. Foley's Honey and Tar cures coughs and colds perfectly and you are in no danger of consumption. Do not risk your health by taking some unknown preparation when Foley's Honey and Tar is safe and certain in results. The genuine is in a yellow package. G. L. Penny.

Kentucky's output of coal during 1906 was nearly twice the total amount mined in the State in 1900, according to the report of the State Mining Department, filed with the Governor at Frankfort. The report also shows that the State leads the country in the production of spar and is coming to the front in barytes mining.

Stimulation Without Irritation.

That is the watchword. That is what Orino Laxative Fruit Syrup does. Cleanses and stimulates the bowels without irritation in any form. G. L. Penny.

READ the several bank statements which appear this issue and see if you do not think they are pretty solid institutions.

Penny has just received another shipment of Hy-o-mel, the catarrh cure that is sold under guarantee of "costs nothing unless it cures." Come in and see it. G. L. Penny.

For Clerk of Court of Appeals—John B. Chenault.

For Representative of Lincoln county—W. H. Shanks.

THE government has spent thousands of dollars in pretending to prosecute the trusts under the Sherman law, but has accomplished little beyond increasing the prices of commodities. In fact, it may be stated that with all its so-called effort the Federal government has hardly made a dent on the trust business. More trusts exist in the United States today than ever before in the history of the country and new ones are being organized right along. As a "trust buster" the present administration is a failure.

FRANCIS MURPHY, the great temperance lecturer, is dead at Los Angeles, Cal. Murphy first came into prominence as a temperance advocate in Pittsburgh, Pa., in 1876. Under his leadership a blue ribbon propaganda resulted in thousands of men signing the "Murphy Pledge," and attracted national attention. He believed in moral suasion and did more perhaps for the temperance cause than any other man of his time.

THE term of the Court of Appeals just ended has been busy one. The number of cases disposed of, 1,276, was over double as many as the Supreme Court of the United States decided, although it is composed of nine judges and the Kentucky tribunal has but seven. The number of cases reversed by the Court of Appeals, 219, shows that the circuit judges are doing pretty badly.

BOOKER T. WASHINGTON, the Tuskegee educator, has been refused the rental of a residence for the summer at fashionable Mamaroneck, but it is understood that he has managed to lease a house in Oyster Bay, the summer capital, and will shortly take possession of it. Teddy will no doubt be delighted to have Booker a next door neighbor.

CHARLES H. MOYER was re-elected president and William D. Haywood as secretary-treasurer of the Western Federation of Miners by the Federation convention, although they are imprisoned in Idaho on the charge of complicity in the murder of former Gov. Steunenberg.

AN undertaker by any other name is as much to be dreaded. "Morticians," as they want to be called, won't help the matter much.

POLITICAL.

M. O. Dewar has been recommended for postmaster at Gravel Switch.

Pujoaki republicans will nominate a candidate for Representative by a primary Aug. 10.

Secretary Taft is sojourning at his summer home in Canada to rest his voice and recuperate in preparation for his labors, which will be resumed about Sept. 1.

Hon. P. Watt Hardin, one of the best-known leaders among Kentucky Democrats in recent years, is accumulating a vast fortune from a Georgia gold mine.

The Glasgow Times says that if the republicans carry the State this fall, Caleb Powers, if he is not hanged in the meantime, will represent the 11th district in Congress next time.

President Roosevelt appointed Gen. James B. Aleshire to be quartermaster General of the army, with the rank of Brigadier General, to succeed Charles E. Humphreys, who will retire.

All fourth-class postmasters in Georgia have been granted leaves of absence not exceeding five days, to attend the State League of Fourth-class Postmasters, to be held at Atlanta on Aug. 17.

John Temple Graves, in an interview at Lexington, says Roosevelt could carry Tennessee and Georgia, should he be nominated for the presidency again. Graves says the South will not insist on a Southern man for the Democratic nomination.

Secretary Taft has announced that it has finally been decided to establish permanently the office of secretary of the Isthmian Canal Commission on the isthmus, and Joseph B. Bishop, the present secretary of that body, will proceed at his earliest convenience to Panama to establish himself there.

The programme for President Roosevelt's trip down the Mississippi in October has been given out by Secretary Loeb. It will be preceded by an address at the McKinley monument dedication at Canton, O., September 30, and will end with a speech at Memphis, after which there will be a quick return to Washington.

The report of the division of dead letters of the Postoffice Department for April, 1907, shows that the number of letters returned to senders in that month exceeded all former monthly records. There were returned to senders 459,409 letters and packages, representing all, or 100 per cent, of the returning matter. In April, 1906, 220,145 letters and packages were returned this being 60 per cent, of the returning matter.

PLEASANT POINT.

We are glad to state that the sick are improving.

Rev. W. G. Tilford will fill his appointment next Saturday and Sunday. Mr. Coffey's saw mill on South Fork was badly torn up but as luck would have it, no one was hurt.

We were visited by a severe hail-storm Saturday evening, but not a great deal of damage was done.

Will Brown and George Hogue have gone to Burnside. Mrs. D. Baxter, who has been visiting her mother, has returned to her home at Nicholaville. John Dye has moved to Buck Creek. Mrs. W. H. Dye is visiting her sister at Milledgeville. Misses Fannie and Effie Young were guests of Misses Maud and Birdie Brown. Mrs. John Dean has returned home from Lexington, where she has been visiting relatives. Mrs. Will Hogue was with her sister, Mrs. R. J. Hogue.

The fifth Sunday meeting was held at Pleasant Point Baptist church with an interesting program. Prof. J. H. Allen, of Somerset, was appointed moderator and J. T. Brown, clerk. The following subjects were discussed: Biblical construction of covetousness was discussed by J. H. Allen, J. W. Acton, J. L. Owens and R. R. Noel. Second sermon by the pastor, W. G. Tilford, at 11 A. M. Eph. 5:5. Afternoon services, the subject: "How Should Church Members be Dealt With who Give Nothing to the Cause of Christ?" was discussed by Revs. Tilford, Owens, Noel and Prof. Allen. The temperance outlook was discussed by S. C. Alford, J. H. Allen, W. R. Davidson, R. R. Noel and W. G. Tilford. Preaching Saturday night by Rev. Owens. Sunday afternoon Sunday school educational interests was discussed by Prof. Allen and Rev. Owens. Sermon at 11 A. M. by Rev. Noel, followed by public collection for district missions. Afternoon services: Bible Mission was discussed by J. W. Acton. Prayer and Mission was discussed by Rev. Davidson. The Pastor and Mission was discussed by Rev. Owens. Song: There is a Fountain Filled With Blood. The Consolation of Christian Religion in Times of Trial and old Age was discussed by Rev. Noel. District Mission was discussed by Rev. Tilford. Prof. Allen and Rev. Singleton closed by prayer after a sermon at night by Rev. Davidson.

While Attorney F. A. Hopkins was arguing a case in the Prestongburg courthouse, Joseph Fitzpatrick walked up behind Andrew Coburn and shot him three times in the back, killing him. Coburn was sitting near the bar and knew nothing of Fitzpatrick's movements until he was shot. During the panic which ensued Fitzpatrick and a crowd of relatives quietly left the court room and went home. No attempt has been made to arrest him. Coburn lately was indicted upon charge of killing a cousin of Fitzpatrick.

It is expected that over 3,000 Japanese will arrive in British Columbia during this month from Japan and Honolulu, and as many, if not more, are expected in August. Steamer Kuntoric will bring the first large contingent of 2,000 Japanese from Honolulu to be followed by other British steamers bringing a similar number. The numbers being brought across the Pacific are constantly increasing. Five steamers due during the next two weeks from Japan have a total of over 900 on board.

George Stoker, of near Little Rock, has sold his 1906 crop of tobacco to Ashby Lee, of Millersburg, at 15¢ straight. Mr. Stoker has been proclaimed champion tobacco grower of Bourbon county, having received the highest price for both his 1905 and 1906 crops.

For SALE.—Southdown lambs as stockers. 14 ewe lambs, 14 male lambs, one yearling male (Fisher, Renick and McKinney cross.) I wish to engage them before July 10 for delivery later in July if desired. Call at place or address Miss Mattie H. Hewes, Moreland, Ky., R. F. D. Box 38.

A Lancaster dispatch says: W. S. Beazley & Bro., of this place, shipped 150 export cattle to Winchester, thence over the C. & O. via New York to Liverpool. The cattle are about as fine as were ever shipped from this place.

They average 1,600 pounds, and sold for six cents per pound f. o. b. Lancaster.

The Elberta peach crop of Arkansas is said to be so large that her most sanguine citizen cannot realize the enormous amount that will be marketed within the next month or six weeks.

The shipping will begin about the 10th inst., and it is expected that fully 2,

500 car loads of the luscious fruit will reach the city markets. Arkansas also had an enormous yield of strawberries which brought into the State an immense amount of money. The crying need is for pickers to gather the ripening fruit.

Long Live The King!

Is the popular cry throughout European countries; while in America, the cry of the present day is "Long Live Dr. King's New Discovery, King of Throat and Lung Remedies!" of which

Mrs. Julia Ryder Paine, Truro, Mass., says: "It never fails to give immediate relief and to quickly cure a cough or cold." Mrs. Paine's opinion is shared by a majority of the inhabitants of this country. New Discovery cures weak lungs and sore throats after all other remedies have failed; and for coughs and colds it's the only sure cure. Guaranteed by Penny's Drug Store, 50¢ and \$1. Trial bottle free.

Charles L. Newton, a grocer, came into possession of a dollar bill that seemed like an echo of the recent disastrous slump in Wall street. The bill was rendered in exchange for Easter eggs. Across its back is the following story: The last of \$47,000, mostly lost in Wall street in United Pacific, Reading, St. Paul, Northern Pacific and a few others. The grocer will frame the bill as a souvenir.

Bad Burn Quickly Healed.

"I am so delighted with what Chamberlain's Salve has done for me that I feel bound to write and tell you so," says Mrs. Robert Myton, 457 John St., Hamilton, Ontario. "My little daughter had a bad burn on her knee. I applied Chamberlain's Salve and it healed beautifully." This salve allays the pain of a burn almost instantly. It is for sale by all druggists.

A Chicago judge has knocked out the law making it unlawful to sell cigarettes in Illinois and he is being roundly abused. Our observation is that only those who have no better sense smoke cigarettes. They do not count. The quicker they smoke out the better.—Frankfort Journal.

The Charming Woman.

is not necessarily one of perfect form and features. Many a plain woman who could never serve as an artist's model, possesses those rare qualities that all the world admires: neatness, clear eyes, clean smooth skin and that sprightliness of step and action that accompany good health. A physically weak woman is never attractive, not even to herself. Electric Bitters restore weak women, give strong nerves, bright eyes, smooth, velvety skin, beautiful complexion. Guaranteed at Penny's Drug Store

Was In Poor Health For Years.

Ira W. Kelley, of Mansfield, Pa., writes: "I was in poor health for two years, suffering from kidney and bladder trouble, and spent considerable money consulting physicians without obtaining any marked benefit, but was cured by Foley's Kidney Cure, and I desire to add my testimony that it may be the cause of restoring the health of others." Refuse substitutes. G. L. Penny.

Camphor farms are the latest additions to the resources of the Lone Star State. So far there are only two, both of which are operated by the government, but Texans confidently expect their State to become one of the great camphor experimental regions of the world. The camphor experimental farm at Wharton was established nearly a year ago, says the Southwest. The shrubs have thrived wonderfully well, and they are now as high as a man's head.

"A good stomach is rather to be chosen than great riches." Mi-o-na is guaranteed to cure all stomach troubles or money refunded. Fifty cents a box at G. L. Penny's.
